

Dear Friends,

Praise the Lord for Jesus, the Bible, church, salvation, and answers to prayer. We also thank God for you and your standing with us as we seek to please the Lord.

We really needed prayer just a few days ago. Stacy found Noah Brett, our two year old boy, at the bottom of our stairs barely conscious. No one knows exactly how long he was there but apparently, he was climbing on the stair rail, or perhaps he tumbled down the stairs; we don't know. I was away from the house when Stacy called me and I rushed home. I examined and observed him for quite awhile. He seemed to be alright, but he was crying a bit and had a few bumps on his head. I decided to drive him to the Krankenhaus, but on the way, Noah cheered right up and seemed to act normal. He is alright now and we thank God for preserving him. We attribute this safety to answered prayer.

Sunday we were blessed with a new attendance record and a new visiting family joined us for worship. We pray this is only the beginning as we labor to reach souls for Christ in the Illeshiem and Bad Windsheim area. Others have shown signs of growth in their spiritual lives and this is very exciting to a missionary preacher. We do need your continued prayers directed toward spiritual growth and maturity for our people. We don't have these folks for long because of work schedules and deployments. We also greatly desire to see more people trust Christ as Saviour through our soul-winning efforts.

Stacy and I celebrated 13 years of marriage on the 17th of May. We are thankful

for so many cards of well wishing and appreciate your thinking of us on our special day. It sure is fun being married and I am very glad I followed the Lord's leading in marrying Stacy.

I recently found time to create a better website for God's Word Baptist Church. Many of our people found us on the internet so I felt it was important to improve our design. The address is www.godswordbc.com and I hope you visit the site and forward the address to friends and especially those who serve in the military or may live in Germany.

Two weeks ago we visited a place called Play Mobile located just forty minutes North East of us. It is a huge play land with indoor and outdoor play areas. The kids had a great day playing on the slides, boats, climbing walls, and rope courses. It was a great day for spending time with the family and the admission for all of us was only forty Euros.

This month I was able to share the Gospel with several people. The Lord also gave me liberty and clarity to speak with a man using German. He understood but seemed to be very eager to leave once I began talking about eternity. We humbly ask for more prayer as we minister and share the Word of God with lost souls. One man who works on post has agreed to begin reading a chapter in the Bible each day. I am trying to share Christ with him so please pray the scripture will work on his heart. There are several others who still give me an ear, but they have not trusted Christ yet. Please keep praying!
