

The Byers Family

For salvation and future service!

February 2006

Dear Friends and Supporting Churches,

What greater joy can a Christian have than to lead souls to Jesus Christ? This past month Stacy had the privilege to lead four people to Christ in California. We are honored that the Lord allows us to have a part in adding members to the Body of Christ.

We have three new supporting churches this month and we are thrilled to report a full schedule for the month of March. God continues to provide and we are asking you to pray that God gives us 30% support by the end of March. Will you pray the Lord will meet or pass our personal goal?

Our family is happy to announce that Stacy and I will be the proud parents of a little boy! Of course, the ultrasound picture can be seen on our website. Technology is terrific! You can actually see the baby's face in the ultrasound picture! At the doctor's recommendation, Stacy will deliver via cesarean section. Stacy does not have much choice in the matter because Gabriel and Bella had emergency "C-Sections" while we were in Germany. We hope this will not limit the number of children we are able to have in the future.

Stacy's Grandfather needs much prayer. Tony DiBiaso is a devout Roman Catholic and he has recently been diagnosed with cancer. Mr. DiBiaso believes his church will ensure he has a home in heaven. We would love for him to accept Christ, so we ask you to pray for his soul.

Our conference in Oklahoma City was a time of decision for our oldest son Josiah. One night after the preaching, Josiah asked how he would know if the Lord wanted him to be a missionary. I gave him a lengthy answer and he replied by saying "I think the Lord wants me to be a missionary." We gave Josiah to God even

before he was born, and we are elated that he would yield his life to the Lord.

Speaking of yielding to the Lord, a pastor and his family moved out of their house so we could have a place to stay while visiting their church. We had the best time getting to know Pastor Reyes, his wife, and the church family in Albuquerque, NM. It is amazing to see how dedicated some people are to the Lord.

Stacy is excited about moving into our new apartment on March 13th. It is located in Vancouver, Washington, and will be the first place to call our own since May, 2005. You will remember how we asked you to pray for the Lord to meet this need before Stacy's due date in June. This is a wonderful answer to prayer! Our military house in Germany had a built in kitchen table. Now we would like to find a used table, chairs, and couch for our new apartment.

During the last few weeks, we decided that November through January will be a great time to visit churches in the North East part of the country. Pastor Jim Doster has a place for us to stay in Gloucester City, New Jersey. I mailed out letters to churches in New Jersey, Pennsylvania, Delaware, and New York. If you know of a church in that area, perhaps you would help us to schedule a meeting during that time.

This letter is a feeble attempt to report the blessings of God on our ministry. Your prayers and support have accomplished much this month. Thank you does not say enough, but we know your motives do not include the praises of men. I hope the Lord returns in March, but if he doesn't, we will still be working on your behalf to reach the military for Salvation and Future Service!
