

# The Byers Family

November 2007

Dear Christians,

I hope you had a wonderful time of thanksgiving to God during November and I hope you were able to enjoy Thanksgiving with family. Many troops remain deployed during Thanksgiving and Christmas so we are always thankful when we can be together with friends and family during these times.

God is increasing our faith and our support as we continue deputation. We praise the Lord for the five percent increase since our last letter. We currently have 70% of our support and we pray daily God will give us the remaining 30% in record time.

Will you please pray for the dozens of churches we have visited who are unable to support us at this time? If God will prosper them financially perhaps they will have a part in our ministry and help catapult us to full support within a short time.

We are continually received with open arms by Independent Fundamental Baptist Churches here in the north east part of the country. It is encouraging to see these churches hold fast to the King James Bible and conservative music. We feel at home in these "old fashioned" Bible believing churches where we find kindred spirits and giving hearts. May God bless those who remain faithful to His Word!

Stacy and I are more excited about leaving for Germany than we ever were before. So much will be different at Eifel Baptist Church since we left over two years ago. If the Lord permits, we will return with two children the church has never met. Most of the church members will be new to us because many of

our friends have moved on to other assignments. There is the possibility that God will provide a building for the church before we arrive. The wonderful thing about military families is their ability to adjust in a short time. We can't wait to join Eifel Baptist Church in reaching souls in the military.

Last month I recreated our website and hopefully the changes are for the best. It is very easy for churches to receive our letter via E-mail. Just visit [www.thebyersfamily.net](http://www.thebyersfamily.net) and click on the "prayer letters" menu. As always, our entire library of prayer letters is available for printing on our website.

Thank you all for supporting our ministry and praying for us so faithfully.
